Via Facsimile

Dear Director Cooley and Commission Members,

Pursuant to the State Constitution of 1963 and 1969 PA 306, I am still patiently awaiting response from Director Cooley in regards to my previous communications and including the June 10, 2008, June 9, 2008, and April 14, 2008 correspondences. As stated by Mr. Green, "all information must be part of the record and presented to all commissioners," therefore, reasonably prudent men in the conduct of their affairs should recognize that such information that I have requested is imperative to the provision of any response and/or rebuttal evidence relative to this appeal.

This lack of timely response and ruling appears to be an extension of the undue delay and violation of my rights the agency has directed toward me over the last eighteen months. By not responding, the agency is hindering my ability and legal right to assemble materials and/or submit any rebuttal evidence and/or arguments and/or file a written answer before the date set for the hearing pursuant to 1969 PA 306. The lawfully required response and ruling may be considered as rebuttal evidence in this hearing.

Consequently, it would not be appropriate to proceed at this time. As well, proceeding without the required information would be an additional violation of 1969 PA 306 by the agency, its directors and the commission chair. Also, should I wish to procure counsel to ensure the protection of my rights, any response would be required to be reviewed prior to any hearing. Therefore, pursuant to 1969 PA 306, I again request that my appeal be removed from the agenda of the July 9, 2008 commission meeting as I have not been provided information accordingly.

I again reserve my right to prepare and submit rebuttal evidence, and all other remedies available to me by law. As time is of the essence, please respond by facsimile to 586-752-3480 by 5:00 PM, Monday, June 30, 2008.

Sincerely,

Timothy Israel
